FIVE LITTLE SEA SHELLS

This week, we head to the beach with our featured song: "Five Little Sea Shells." This is a fun finger-play/rhyme that supports fine motor development, and even basic math!

A child's first experience with the beach can often be a daunting experience. The ocean is SO big! So are lakes!

Children learn to respect the power of nature, while learning water safety. They also learn to LOVE the beauty of the miracle of nature, with every new adventure into the world around them.

FIVE LITTLE SEA SHELLS

Five little sea shells, lying on the shore,
 Crash! went the waves, and then there were four.
 Four little sea shells, down by the sea,
 Crash! went the waves, and then there were three.
 Three little sea shells, smooth and new,
 Crash! went the waves, and then there were two.
 Two little sea shells, sparkling in the sun,
 Crash! went the waves, and then there was one.
 One little sea shell, left all by itself.
 I took it home, and put it on my shelf.

All Sing A Song songs and activities develop one or more areas of age-appropriate skills,

including language development, gross motor skills, fine motor skills, creative thinking, listening skills, social interaction skills, self-expression, autonomy and self-esteem.
